

## Editorial

- 579 **What are indoor air quality priorities for energy-efficient buildings?**

P. Wargoeki

## Original Papers

- 583 **Simulated comparative investigation of the daylight and airflow of the conventional Egyptian shutter 'sheesh' and a proposed latticework device 'new mashrabiyya'**

N. A. Gelil M. and N. M. Badawy

- 597 **Exploratory study of the indoor and outdoor relationships and chemical compositions of particulate matter in urban households in Colombo**

R. S. A. Ranasinghe, A. G. T. Sugathapala, S. C. Lee, W. T. Hung, K. F. Ho, C. S. Chan, Y. Huang and Y. Cheng

- 607 **Effect of wall colour on the perception of classrooms**

K. Yildirim, K. Cagatay and N. Ayalp

- 617 **Dynamic lighting systems in psychogeriatric care facilities in the Netherlands: A quantitative and qualitative analysis of stakeholders' responses and applied technology**

M. P. J. Aarts, M. B. C. Aries, J. Straathof and J. van Hoof

- 631 **Neighbourhood parks and reduction in stress among adolescents: Results from Buffalo, New York**

D. M. Feda, A. Seelbinder, S. Baek, S. Raja, L. Yin and J. N. Roemmich

- 640 **The building performance model for evaluating bioaerosol data from suspect indoor environments**  
R. C. Spicer and H. J. Gangloff

- 650 **Characterization of <sup>222</sup>Rn and meteorological parameters in Uro house at South Kordofan state**  
H. Idriss, I. Salih, A. S. Alaamer, M. Y. Abdelgali, S. A. Salih, A. M. Hasan, M. A. ELtahir and M. M. O. Ahamed

- 658 **Case studies of a camera-aided imaging method for evaluation of interior luminous environments**  
H. Cai, M. I. Saifan and J. A. Killeen

- 672 **Effect of platform screen doors on the indoor air environment of an underground subway station**  
H. Han, J.-Y. Lee and K.-J. Jang

- 682 **What are you saying? Challenges and opportunities for increasing visibility and understanding of indoor microbiological research**  
L. A. Kahlor, A. Dudo, M.-C. Liang and N. AbiGhannam

- 689 **Measurements of indoor environmental conditions in Italian classrooms and their impact on children's comfort**  
V. D. Giuli, R. Zecchin, L. Corain and L. Salmaso

- 713 **Adaptation to low levels of chemical exposure in individuals with multiple chemical sensitivity in a controlled indoor environment**  
R. A. Fox and T. Sampalli
