Special Issue on: Holistic Health Considerations for a Sustainable Caring Society

This special issue has been produced with the support of the Center for Sustainable Healthy Buildings (CSHeB), Kyung Hee University in Republic of Korea, supported by the National Research Foundation of Korea (NRF) grant, funded by the Korea government (MEST) (No. 2012-0000609).

Contents

Editorial

- 5 Holistic Health Considerations to Prevent Sick Buildings for a Sustainable Caring Society**

C. W. F. Yu and J. T. Kim

Original Papers

- 7 A Computing Model for Lifecycle Health Performance Evaluations of Sustainable Healthy Buildings**

G. Lee, Y. Na, J. T. Kim and S. Kim

- 21 Material Emissions and Indoor Simulation**

C. W. F. Yu and J. T. Kim

- 30 How to Select Adsorption Material for Removing Gas Phase Indoor Air Pollutants: A New Parameter and Approach**

Q. Xu, Y. Zhang, J. Mo and X. Li

- 39 Photocatalytic Oxidation for Maintenance of Indoor Environmental Quality**

C. W. F. Yu and J. T. Kim

- 52 Long/Short-Term Performance Test for Evaluating the Reduction of Indoor Formaldehyde Using Sorptive Building Materials**

J. Seo, Y. Ataka, S. Kato and J. T. Kim

- 61 Characteristics of Particleboards Using Tannin Resin as Novel Environment-Friendly Adhesion System**

J.-H. Lee, J. Kim, S. Kim and J. T. Kim

- 68 Thermal Extractor Analysis of VOCs Emitted from Building Materials and Evaluation of the Reduction Performance of Exfoliated Graphite Nanoplatelets**

J.-H. Lee, J. Kim, S. Kim and J. T. Kim

- 77 Periodic Local Multi-way Analysis and Monitoring of Indoor Air Quality in a Subway System Considering the Weekly Effect**

O. Kang, H. Liu, M. Kim, J. T. Kim, K. L. Wasewar and C. Yoo

- 94 Sustainable Monitoring of Indoor Air Pollutants in an Underground Subway Environment Using Self-Validating Soft Sensors**

H. Liu, O. Kang, M. Kim, T. Oh, S. Lee, J. T. Kim and C. Yoo

- 110 Reduction Effect of Toxic Substances for Apartment Buildings with an Ecofriendly Pre-cast Composite Structural System**

H.-J. Ko, W.-K. Hong, S.-C. Park, G.-T. Lim, J.-H. Kim and J. T. Kim

- 117 An Assessment of CO₂ Emission of the Structural Composite Hybrid Beam Based on Strain Compatibility**

J.-H. Kim, W.-K. Hong, S.-C. Park, G.-T. Lim, H.-J. Ko and J. T. Kim

- 131 Thin Flooring Panel Development for Energy Efficiency of an Ondol Heating System**

K. Son, S. Kim and J. T. Kim

- 139 Assessment of Indoor Environmental Quality in Open-Plan Offices**

T. Hwang and J. T. Kim

- 157 Characteristics of the Quality of Korean High-Rise Apartments Using the Health Performance Indicator**

N. N. Kang, T. K. Lee and J. T. Kim

- 168 Overall Environmental Modelling of Newly Designed Curtain Wall Façade Configurations**

G. Kim, H. S. Lim, L. Schaefer and J. T. Kim

- 180 Development of a Double-Skin Façade for Sustainable Renovation of Old Residential Buildings**
G. Kim, L. Schaefer and J. T. Kim
- 191 Effect of Occupants' Behaviour of Daylight Controls on Residential Visual Environment**
H. Y. Shin, G. Kim and J. T. Kim
- 203 Daylight Availability Models for Global and Diffuse Horizontal Illuminance in Yongin, South Korea**
H. J. Kong and J. T. Kim
- 212 Optical Daylighting Performance of an Active Mirror System for Visual Sustainability of Residential Environment**
J. T. Kim and G. Kim
- 226 Subjective Responses to Changes in Spectral Power Distributions of LED Light**
G. Y. Yun, H. Kim and J. T. Kim
- 235 Energy-Saving Potential of LED Lighting Systems**
G. Y. Yun, H. Jung and J. T. Kim
- 242 Identifying Characteristics of Design Guidelines for Elderly Care Environments from the Holistic Health Perspective**
Y. Lee, J. Hwang, S. Lim and J. T. Kim
- 260 A Critical Review of User Studies on Healthy Smart Homes**
M. J. Kim, M. W. Oh, M. E. Cho, H. Lee and J. T. Kim
- 271 Human Activity Recognition via Recognized Body Parts of Human Depth Silhouettes for Residents Monitoring Services at Smart Home**
A. Jalal, N. Sarif, J. T. Kim and T.-S. Kim
- 280 A Smart Workspace Supporting a Healthy Life in Pre-elderly Households**
M. E. Cho, M. J. Kim and J. T. Kim
- 289 An Indoor Human Activity Recognition System for Smart Home Using Local Binary Pattern Features with Hidden Markov Models**
Md Z. Uddin, D.-H. Kim, J. T. Kim and T.-S. Kim
- 299 The Service Pattern-Oriented Smart Bedroom Based on Elderly Spatial Behaviour Patterns**
H. Lee, S. J. Park, M. J. Kim, J. Y. Jung, H. W. Lim and J. T. Kim
- 309 Scenario-Based Smart Services for Single-Person Households**
H. Lee, S. J. Park, H. W. Lim and J. T. Kim
- 319 The Effect of the Public Exercise Environment on the Physical Activity for the Active Ageing of the Elderly**
S. An, Y. Lee and J. T. Kim
- 332 Advances in the Fine Scale Simulation of Urban Wind Environment**
Y. Zhang, Z. Gu, Z. Wang, Y. Cheng and F. S. C. Lee
