

# Copper and Copper Alloy

2015 Vol. 54 No. 1

## CONTENTS

### [ Special Lecture ]

<b>Alloy Design and Microstructure Control for Practical Application in Cu-based Shape Memory Alloys</b> .....	01
Department of Metallurgy, Graduate School of Engineering, Tohoku University, Professor, Dr. Eng.	R. Kainuma
Department of Metallurgy, Graduate School of Engineering, Tohoku University, Assistant Professor, Dr. Eng.	T. Ohmori
Department of Materials Science, Graduate School of Engineering, Tohoku University, Associate Professor, Dr. Eng.	Y. Sutou
Tohoku University, Emeritus Professor, Dr. Eng.	K. Ishida

### [ Papers ]

#### 《 Microstructure 》

<b>Grain Refinement of Phosphorous Deoxidized Copper and Brass Tubes by Using Cyclic Rotating Bending Process</b> .....	06
Department of Mechanical Engineering, Tokyo Metropolitan University, Professor, Dr. Eng.	K. Manabe
Department of Mechanical Engineering, Tokyo Metropolitan University, Visiting Researcher, Ph.D.	Z. Zhang
Department of Mechanical Engineering, Tokyo Metropolitan University, Assistant Professor, Dr. Eng.	T. Furushima
Department of Mechanical Engineering, Tokyo Metropolitan University, Graduate Student	K. Takahashi
<b>Effect of the Fabrication Schedules on Recrystallization Texture in Inner Grooved Copper Tube</b> .....	11
Research & Development Division, UACJ Corporation, Research Engineer	H. Tamagawa
Technology & Quality Assurance Department, UACJ Copper Tube Corporation, Supervisor	M. Kodaira
Research & Development Division, UACJ Corporation, Manager	S. Suzuki
Research & Development Division, UACJ Corporation, Manager	M. Houfuku
<b>Influence of Ti Content on Microstructure and Properties of Heavily Cold-Rolled Cu-Ti Alloys</b> .....	15
Department of Mechanical Engineering, Toyohashi University of Technology, Professor, Dr. Eng.	H. Miura
Department of Mechanical Engineering, Toyohashi University of Technology, Associate Professor, Dr. Eng.	M. Kobayashi
Metal Processing Laboratory, Mitsubishi Materials, Co. Ltd., Researcher	Y. Ito
Metal Processing Laboratory, Mitsubishi Materials, Co. Ltd., Assistant Manager	K. Maki
Metal Processing Laboratory, Mitsubishi Materials, Co. Ltd., Assistant Manager	H. Mori
Metal Processing Laboratory, Mitsubishi Materials, Co. Ltd., Researcher	Y. Nakasato
<b>Formation of Cellular Discontinuous Precipitates in Age-hardenable Cu-Ti Alloys Doped with Boron</b> .....	21
Kansai Center, Institute for Materials Research, Tohoku University, Associate Professor, Ph. D	S. Semboshi
Department of Materials Science, Osaka Prefecture University, Graduate Student	J. Ikeda
Department of Materials Science, Osaka Prefecture University, Professor, Ph. D	A. Iwase
Department of Materials Science, Osaka Prefecture University, Professor, Ph. D	T. Takasugi
Institute of Multidisciplinary Research for Advanced Materials, Tohoku University, Professor, Ph. D	S. Suzuki
Technology Center, Metal Processing Business Unit, DOWA METALTECH Co., LTD*, Senior Researcher	T. Kimura
Technology Center, Metal Processing Business Unit, DOWA METALTECH Co., LTD., Chief Researcher, Dr. Eng.	W. Gao
DOWA METALTECH Co., LTD., Director, General Manager, Dr. Eng.	A. Sugawara
<b>Evolution of Recrystallization Texture during Solution Treatment of Cu-Ni-Si Alloy Sheets Processed by Combination of Symmetric Cold Rolling and Asymmetric Warm Rolling</b> .....	27
Graduate School of Engineering, Osaka Prefecture University, Professor, Dr. Eng.	H. Inoue

<b>Effects of Natural Aging on Age-Hardening Behavior of Cu-Be-Co and Cu-Ti Alloys Processed by High-Pressure Torsion</b> .....	32
Division of Mechanical Science and Engineering, Kanazawa University, Graduate Student	M. Hibino
Division of Innovation Technology and Science, Kanazawa University, Associate Professor	C. Watanabe
Division of Innovation Technology and Science, Kanazawa University, Professor	R. Monzen
Research Center for Strategic Materials, National Institute of Materials Science, Chief Scientist	S. Ii
Research Center for Strategic Materials, National Institute of Materials Science, Center Director	K. Tsuchiya
<b>Precipitation Behavior and Magnetic Properties of Nano-Scale Particles formed in a Cu-Ni-Co Alloy</b> .....	37
Graduate School of Engineering, Yokohama National University, Doctoral Student	D-H. Lee
Graduate School of Engineering, Yokohama National University, Doctoral Student	J-S. Kim
Graduate School of Engineering, Yokohama National University, Associate Professor, Dr. Eng.	M. Takeda
<b>Magnetic Properties and Microstructural Evolution of Nanoparticles Embedded in a Cu<sub>75</sub>-Ni<sub>20</sub>-Fe<sub>5</sub> Alloy Single Crystal</b> .....	41
Graduate School of Engineering, Yokohama National University, Doctoral Student	J-S. Kim
Institute for Materials Research, Tohoku University, Associate Professor, Dr. Eng.	M. Mizuguchi
Graduate School of Engineering, Yokohama National University, Associate Professor, Dr. Eng.	M. Takeda
<b>Investigations of the Mechanisms of Hot Deformation and Static Recrystallization after Hot Deformation in Cu-Sn-P Alloy II</b> .....	45
Research & Development Section, Technical Department, HATANO PLANT, KOBELCO & MATERIALS COPPER TUBE, LTD., Chief Researcher, Dr. Eng.	M. Watanabe
Department of Mechanical Engineering and Intelligent Systems, UEC Tokyo (The University of Electro-Communications), Graduate Student	E. Watanabe
[Present : Mitsubishi Materials Corporation]	
Department of Mechanical Engineering and Intelligent Systems, UEC Tokyo (The University of Electro-Communications), Graduate Student	K. Nario
[Present : Tokyo Metropolitan Government]	
Research & Development Section, Technical Department, HATANO PLANT, KOBELCO & MATERIALS COPPER TUBE, LTD., General Manager	A. Tsuchiya
Department of Mechanical Engineering, Toyohashi University of Technology, Professor, Dr. Eng.	H. Miura
<b>Effect of the Addition of Ag on Orientation and Fraction of Coincident Site Lattice Boundaries During Grain Growth in Cu-Cr-Zr Alloys</b> .....	52
Miyoshi Gokin Kogyo Co., Ltd., Manager, Dr. Eng.	H. Eguchi
Miyoshi Gokin Kogyo Co., Ltd., Assistant Manager	M. Arai
Miyoshi Gokin Kogyo Co., Ltd., Assistant Manager	S. Fujii
Graduate School of Engineering, Utsunomiya University, Professor, Dr. Eng.	Y. Takayama
<b>《 Fatigue 》</b>	
<b>Fatigue Crack Growth Rate Formulation and Validation on Cartridge Brass Sheet</b> .....	57
Faculty of Engineering, Tokai University, Former Professor, Current part-time Lecturer, Dr. Eng.	M. Hayashi
<b>Bending Fatigue Life of Hypoeutectic Cu-Zr Alloy Wires</b> .....	62
Research and Development, New Metals Division, NGK INSULATORS, LTD., Researcher	M. Akaiwa
Research and Development, New Metals Division, NGK INSULATORS, LTD., Manager, Dr. Eng.	N. Muramatsu
<b>Investigation in Damage Process during Creep Fatigue of Copper Based Alloy for Rocket Engine Combustion Chamber</b> .....	67
Institute of Space and Astronautical Science, Japan Aerospace Exploration Agency, Graduate Student	M. Deguchi
Institute of Space and Astronautical Science, Japan Aerospace Exploration Agency, Graduate Student	Y. Hori
Institute of Space and Astronautical Science, Japan Aerospace Exploration Agency, Assistant Professor, Ph. D	H. Tobe
Institute of Space and Astronautical Science, Japan Aerospace Exploration Agency, Professor, Ph. D	E. Sato

《 Joining 》

Friction Welding of Aluminum Bronze Bar to Stainless Steel Plate

– Influence of Preheating of Plate on Tensile Strength – .....	73
Osaka Institute of Technology, Faculty of Engineering, Researcher, Dr. Eng.	H. Ochi
Osaka Sangyo University, Graduate Student	Y. Li
Osaka Sangyo University, Faculty of Engineering, Professor, Dr. Eng.	T. Irisawa
Setsunan University, Faculty of Science and Engineering, Professor, Dr. Eng.	Y. Issiki
Osaka Sangyo University, Faculty of Engineering, Professor, Dr. Eng.	G. Kawai

Effect of Cooling Process Supposed after Brazing on Microstructure of Dezincification Resistant Brass .....79

Metallurgical Engineering, Graduate School of Engineering, Tokai University, Graduate Student	S. Torikai
Department of Materials Science, School of Engineering, Tokai University, Undergraduate Student	T. Kaino
Department of Materials Science, School of Engineering, Tokai University, Professor, Dr. Eng.	Y. Miyazawa
Development Group, Kitz Metal Works Corporation, Group Leader	M. Yamazaki
Development Group, Kitz Metal Works Corporation, Staff	H. Tameda
Kitz Metal Works Corporation, Adviser	K. Hagiwara

《 Corrosion, Anti-Corrosion 》

Reproduction of Type I and Type II Pits of Copper Using Potentiostatically Polarized Test and

Effect of Water Temperature on Pitting Corrosion of Copper .....85

College of Design and Manufacturing Technology, Muroran Institute of Technology,	
Associate Professor, Dr. Eng.	M. Sakai
Division of Aerospace Engineering, Muroran Institute of Technology, Graduate Student	Y. Tanaka

Corrosion Behavior of Copper in Divalent Carboxylic, Formic and Acetic Acid Environments .....92

College of Design and Manufacturing Technology, Muroran Institute of Technology,	
Associate Professor, Dr. Eng.	M. Sakai
Division of Aerospace Engineering, Muroran Institute of Technology, Graduate Student	K. Shirahata

Occurrence of Ant's Nest-like Corrosion on Copper Tube in Formic Acid Solution .....97

Muroran Institute of Technology	H. Ichimiya
Muroran Institute of Technology	O. Seri

Studies on Anticorrosion Procedure for the Copper Corrosion in Highly Concentrated Calcium

Chloride Solution ..... 103

Energy Solutions Center, R&D Division, Panasonic Corporation, Staff Engineer, Dr. Eng.	T. Sukawa
Energy Solutions Center, R&D Division, Panasonic Corporation, Chief Engineer	M. Suzuki

Studies on Anticorrosion Procedure for the Copper Corrosion in Sodium Acetate Trihydrate ..... 108

Energy Solutions Center, R&D Division, Panasonic Corporation, Staff Engineer, Dr. Eng.	T. Sukawa
Energy Solutions Center, R&D Division, Panasonic Corporation, Chief Engineer	M. Suzuki

Corrosion Properties of Sulfide-Dispersed Lead-Free Bronze Castings

by Electrochemical Polarization Method ..... 113

Northeastern Industrial Research Center of Shiga Prefecture, Assistant Section Chief	Y. Yasuda
Northeastern Industrial Research Center of Shiga Prefecture, Associate Director	H. Abe
Ltd. Biwalite, Chief of a Department Engineering	R. Matsubayasi
Kansai University, Professor	T. Maruyama
Kansai University, Professor	T. Haruna

Erosion-Corrosion Resistance Evaluation of Copper Alloys by Jet-in-Slit Test\* ..... 119

Metallic Materials Dept., Technology Development Division, KURIMOTO, LTD., Assistant Engineer	H. Yamada
Metallic Materials Dept., Technology Development Division, KURIMOTO, LTD., Manager	M. Yamamoto

<b>《 Heat Treatment, Mechanical Property 》</b>	
<b>Surface Modification of Age-Hardenable Cu-Ti Alloys by Plasma Nitriding</b> .....	125
Kansai Center, Institute for Materials Research, Tohoku University, Associate Professor, Ph. D	S. Semboshi
Department of Materials Science, Osaka Prefecture University, Professor, Ph. D	A. Iwase
Technology Center, Metal Processing Business Unit, DOWA METALTECH Co., LTD., Senior Researcher	T. Kimura
Technology Center, Metal Processing Business Unit, DOWA METALTECH Co., LTD.,	
Chief Researcher, Dr. Eng.	W. Gao
DOWA METALTECH Co., LTD., Director, General Manager, Dr. Eng.	A. Sugawara
<b>Change in Surface Height Distribution of Pure Copper Wire and Plate during Tension</b> .....	130
Graduate School of Natural Science and Technology, Okayama University, Graduate Student	Y. Matsukawa
Graduate School of Natural Science and Technology, Okayama University, Professor, Dr. Eng.	N. Tada
<b>《 Mechanical Property, Physical Property 》</b>	
<b>The Effect of Aging Condition on Deformation Twinning in Cu-Ni-Si-Zn alloy</b> .....	136
Graduate School of Science and Engineering, Tokyo Institute of Technology, Graduate Student	A. Araki
Graduate School of Science and Engineering, Tokyo Institute of Technology, Associate Professor, Dr. Eng.	E. Kobayashi
Precision and Intelligence Laboratory, Tokyo Institute of Technology, Professor, Dr. Eng.	T. Sato
<b>Enhancement in Strength of Cu-15wt%Ni-8wt%Sn Alloy</b> .....	141
Division of Mechanical Science and Engineering, Graduate School of Natural Science and Technology,	
Kanazawa University, Graduate Student	K. Matsuoka
Division of Mechanical Science and Engineering, Graduate School of Natural Science and Technology,	
Kanazawa University, Associate Professor, Dr. Eng.	C. Watanabe
Division of Mechanical Science and Engineering, Graduate School of Natural Science and Technology,	
Kanazawa University, Professor, Dr. Eng.	R. Monzen
New Metals Division, NGK INSULATORS, LTD., Manager, Dr. Eng.	N. Muramatsu
<b>Wear Characteristics of Free Cutting Copper Alloys Under Lubrication</b> .....	146
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Deputy Supervisor	M. Takasaki
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Deputy General Manager	T. Hokazono
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Senior Manager	Y. Goto
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Senior Fellow, Dr. Eng.	K. Oishi
<b>Visible Light and Infrared Ray Absorbance of Fine Protrusions Formed by Sputter Etching of Brass, Chromium Copper and Cupronickel</b> .....	152
Faculty of Engineering, Hiroshima Kokusai Gakuin University, Lecturer, Dr. Eng.	T. Kubo
High Tec Research Center, Hiroshima Kokusai Gakuin University, Scientific Researcher, Dr. Eng.	K. Nakasa
Asahi Surface Tec LLC, Representative Director, Dr. Eng.	A. Yamamoto
<b>《 Evaluation Technology 》</b>	
<b>Evaluation of Early Crack on Interface of Copper-Cored Lead-Free Solder Balls and Copper Plate by DC-PDM</b> .....	157
Graduate School of Natural Science and Technology, Okayama University, Graduate Student	T. Kai
Graduate School of Natural Science and Technology, Okayama University, Professor, Dr. Eng.	N. Tada

### 《 Powder Metallurgy, Metal Processing 》

<b>Low temperature consolidation and microstructure control of Cu-Cr powder mixture prepared by Compressive Torsion forming</b> .....	163
Department of Mechanical Systems Engineering, Graduate School of Science and Engineering, Yamagata University, Associate Professor	Y. Kume
Graduate School of Engineering, Nagoya University, Graduate Student	Y. Takaichi
	[Present : All Nippon Airways Co., Ltd.]
Department of Materials Science and Engineering, Graduate School of Engineering, Nagoya University, Professor	M. Kobashi
Department of Materials Science and Engineering, Graduate School of Engineering, Nagoya University, Professor	N. Kanetake
Switchgear Engineering and Design Department, Switchgear Factory, MEIDENSHA CORPORATION, Senior Manager	T. Furuhashi
Switchgear Team, T&D Core Technology Development Office, MEIDENSHA CORPORATION, Engineer	K. Hasegawa
Switchgear Team, T&D Core Technology Development Office, MEIDENSHA CORPORATION, Assistant Senior Engineer	K. Ishikawa
Material Technology Research Department, MEIDENSHA CORPORATION, Doctor	K. Kitakizaki
<b>A Study on Chattering Vibration in Rolling Mill Based on Published Reports</b> .....	169
YJS Laboratory, Representative	H. Honjo
<b>Fabrication of Ultra fine inner grooved copper tube by Drawing</b> .....	175
Department of Precision Engineering, Tokai University, Professor, Dr. Eng.	K. Yosida
Department of Mechanical Engineering, Tokai University, Graduate Student	D. Yokomizo
Department of Mechanical Engineering, Tokai University, Graduate Student	T. Genji

### 《 Melting, Casting, Composite, Material Development 》

<b>Characteristics of Hypoeutectic Cu-Zr Alloy Rods Produced by Vertical Upwards Continuous Casting</b> .....	179
Research and Development, New Metals Division, NGK INSULATORS, LTD., Manager, Dr. Eng.	N. Muramatsu
Research and Development, New Metals Division, NGK INSULATORS, LTD., Researcher	M. Akaiwa
<b>Influence of Volume Fraction and Yield Stress of Copper on Trade-Off Relation Between Strain Tolerance and Stress Tolerance of Critical Current in Copper-Stabilized Coated Conductor</b> .....	185
Elements Strategy Initiative for Structural Materials, Kyoto University, Professor, Dr. Eng.	S. Ochiai
Graduate School of Engineering, Kyoto University, Associate Professor, Dr. Eng.	H. Okuda
Graduate School of Engineering, Kyoto University, Graduate Student	T. Arai
Research Institute for Applied Sciences, Principal Investigator, Dr. Eng.	K. Osamura

### 《 Material Development 》

<b>Characterization of Mechanical and Electrical Properties in Cu-Ni-Al Alloys Using Combinatorial Method</b> .....	190
Department of Materials Science, Graduate School of Engineering, Tohoku University, Graduate Student	T. Miyamoto
	[Present : Sumitomo Metal Mining Co., Ltd., Ph. D.]
Institute for Materials Research, Tohoku University, Research Associate, Ph. D	M. Nagasako
Department of Materials Science, Graduate School of Engineering, Tohoku University, Assistant Professor, Ph. D	T. Omori
Department of Materials Science, Graduate School of Engineering, Tohoku University, Professor Emeritus, Dr. Eng.	K. Ishida
Department of Materials Science, Graduate School of Engineering, Tohoku University, Professor, Dr. Eng.	R. Kainuma
<b>Development of High Stress Relaxation Resistance Cu-Zn-Sn-Ni-P Alloy</b> .....	196
Central Research Institute, Mitsubishi Materials Corporation, Assistant Manager, Dr. Eng.	H. Mori
Central Research Institute, Mitsubishi Materials Corporation, Manager, Dr. Eng.	K. Maki
Kitamoto Research Group, Production Engineering Dept., Mitsubishi Shindoh Co., Ltd., Deputy Supervisor	D. Yamashita

<b>Development of Excellent Fatigue Characteristic Cu-Ti Alloys by Suppression of Grain-Boundary Reaction Precipitates</b> .....	201
Technology Center, Metal Processing Business Unit, DOWA METALTECH Co., LTD., Researcher	T. Kamada
Technology Center, Metal Processing Business Unit, DOWA METALTECH Co., LTD., Chief Researcher, Dr. Eng.	W. Gao
Technology Center, Metal Processing Business Unit, DOWA METALTECH Co., LTD., Senior Researcher	T. Kimura
Technology Center, Metal Processing Business Unit, DOWA METALTECH Co., LTD., General Manager	F. Sasaki
DOWA METALTECH Co., LTD., Director, General Manager, Dr. Eng.	A. Sugawara
<b>《 Heat Transfer, Heat Exchanger 》</b>	
<b>Condensation Heat Transfer and Pressure Drop of Non-Azeotropic Mixtures R32+R152a in Horizontal Smooth Small-Diameter Tube</b> .....	206
School of Marine Electronics and Mechanical Engineering, Tokyo University of Marine Science and Technology, Undergraduate Student	M. Hirose
Division of Marine Technology, Tokyo University of Marine Science and Technology, Assistant Professor, Dr. Eng.	D. Jige
Division of Marine Technology, Tokyo University of Marine Science and Technology, Professor, Dr. Eng.	N. Inoue
<b>Study on Enhancement of Heat Transfer in Corrugated Tubes for Hot-Water Supply Systems — Effect of Corrugation Depth and Corrugation Pitch —</b> .....	211
School of Marine Electronics and Mechanical Engineering, Tokyo University of Marine Science and Technology, Undergraduate Student	S. Kurayama
Graduate School of Marine Science and Technology, Tokyo University of Marine Science and Technology, Graduate Student	K. Watanabe
Division of Marine Technology, Tokyo University of Marine Science and Technology, Assistant Professor, Dr. Eng.	D. Jige
Division of Marine Technology, Tokyo University of Marine Science and Technology, Professor, Dr. Eng.	N. Inoue
Research & Development Section Technical Department, Kobelco & Materials Copper Tube, LTD., Chief Researcher, Dr. Eng.	H. Takahashi
<b>Effect of Fin Number on Condensation and Evaporation Heat Transfer of R32/R1234ze (E) in Horizontal Micro-fin Tubes</b> .....	216
Interdisciplinary Graduate School of Engineering Sciences, Kyushu University, Doctoral Student, Ms. Eng.	F. Mishima
Graduate School of Engineering, Nagasaki University, Associate Professor, PhD	C. Kondou
Faculty of Engineering Sciences, Kyushu University, International Institute for Carbon-Neutral Energy Research (WPI-ICNER), Kyushu University, Professor, Dr. Eng.	S. Koyama
Research & Development Section, Technical Department, Hatano Plant, Kobelco & Materials Copper Tube LTD., Chief Researcher, Dr. Eng.	H. Takahashi
<b>Pool Boiling Heat Transfer Characteristics of HFO Refrigerants on a Horizontal Plain Tube</b> .....	222
Interdisciplinary Graduate School of Engineering Sciences, Kyushu University, Graduate Student	R. Nagata
School of Engineering, Kyushu University, Undergraduate Student	K. Teshima
Interdisciplinary Graduate School of Engineering Sciences, Kyushu University, Graduate Student	N. Nii
Graduate School of Engineering, Nagasaki University, Associate Professor, PhD	C. Kondou
Faculty of Engineering Sciences, Kyushu University, International Institute for Carbon-Neutral Energy Research (WPI-ICNER), Kyushu University, Professor, Dr. Eng.	S. Koyama
<b>Effect of Solution Film Flow Rate on Falling Film Absorption Heat and Mass Transfer of LiBr Solution on Enhanced Heat Transfer Tube</b> .....	227
Research & Development Section, Technical Department, Hatano Plant, Kobelco & Materials Copper Tube, Ltd., Chief Researcher, Dr. Eng.	H. Takahashi
Research & Development Section, Technical Department, Hatano Plant, Kobelco & Materials Copper Tube, Ltd., Senior Researcher	H. Iwamoto

《 Surface, Antimicrobial Property 》

<b>Influence of Contact Load on Tin Plating Life under Fretting Corrosion</b> .....	232
Research & Developing Section, Copper Rolled Products Plant, CHOFU WORKS, Aluminum & Copper Business, KOBE STEEL, LTD., Research Engineer	M. Tsuru
Research & Developing Section, Copper Rolled Products Plant, CHOFU WORKS, Aluminum & Copper Business, KOBE STEEL, LTD., Research Engineer	Y. Ueda
<b>Development of Oil-Contained Nanocapsule Composite Silver Plating</b> .....	237
Automotive Products & Electronics Laboratories, Furukawa Electric Co., Ltd., Researcher	T. Nakatsugawa
Automotive Products & Electronics Laboratories, Furukawa Electric Co., Ltd., Researcher	Y. Fujii
Automotive Products & Electronics Laboratories, Furukawa Electric Co., Ltd., Researcher	S. Kitagawa
Faculty of Science and Technology, Tokyo University of Science, Junior Associate Professor	I. Shitanda
Faculty of Engineering, Okayama University, Associate Professor	H. Hayashi
<b>Development of a Detinning Technology with Tin Plated Copper-Based Materials</b> .....	241
Technology Center, DOWA METALTECH Co., LTD., Senior Researcher	T. Tomiya
Technology Center, DOWA METALTECH Co., LTD., Manager	H. Narieda
<b>Effect of Oxidation on the Bactericidal Activity of Copper Alloys and Development of Antioxidant Measures</b> .....	246
Department of Microbiology, Kitasato University School of Medicine, Assistant Professor, Ph.D	T. Sasahara
Department of Microbiology, Kitasato University School of Medicine, Medical Technologist, BSH	M. Satoh
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Assistant Manager, M. Eng.	K. Hata
Copper Alloy Technology Dept., Mitsubishi Electric Metecs Co., Ltd., Manager, M. Eng.	T. Kusunoki
Japan Copper Development Association, Application Development & Supply-chain Management Director	Y. Yuki
Japan Copper Development Association, Secretary General	M. Wada
Japan Copper Development Association, Technology & Research Director	H. Saito
<b>Bibliographical Considerations of Antibacterial Processes of Cu Ion against Gram-Positive Bacteria</b> .....	251
Life and Environmental Sciences Research Division, Dr. Sci.	T. Ishida
<b>Antifouling Property to Marine Organisms of Copper Alloy</b> .....	257
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Senior Researcher	S. Tanaka
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Assistant Researcher	K. Hata
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Deputy Supervisor	K. Arai
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Senior Fellow, Dr. Eng.	K. Oishi
<b>Effects of Copper Alloy Cage on Growth and Parasite Infection of Yellowtail (<i>Seriola quinqueradiata</i>) Juveniles</b> .....	263
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Senior Researcher	S. Tanaka
Research & Development Dept., Sambo Plant, Mitsubishi Shindoh Co., Ltd., Senior Fellow, Dr. Eng.	K. Oishi
Laboratory of Aquatic Animal Nutrition, Faculty of Fisheries, Kagoshima University, Associated Professor	M. Ishikawa
Education and Research Center for Marine Resources and Environment, Faculty of Fisheries, Kagoshima University, Assistant Professor	E. Kokushi
