SCIENCE IN INDIA

Staff from the Indian Space Research Organisation (ISRO) celebrate on 14 September 2014 after the Mars Orbiter Spacecraft successfully entered into orbit around Mars.

EDITORIAL

- 125 A nation with ambition**
India should not suppress scientific dissent if it wants to succeed

NEWS

- 138** India relaxes position on field trials of GM crops

FEATURES

- 141 Science in India**
The enormous potential — and the huge challenges
- 142 India by the numbers**
The highs and lows of the nation's science base

- 144 India's science test**
Despite making strides in some areas of R&D, the country has far to go

- 148 The anti-bureaucrat**
K VijayRaghavan wants to free the biological sciences from red tape

COMMENT

- 151 Priorities for science in India**
Ten research leaders set out their visions for the future
- 156 Rethink India's energy strategy**
Arunabha Ghosh & Karthik Ganesan
Poor and rural households must be taken into account

THIS WEEK

EDITORIALS

- 125 ANIMAL RESEARCH**
Challenging times
Attempts to halt animal experiments in Europe are rightly facing failure
- 126 DATA**
Polls apart
The abject failure of opinion polls in the UK election holds lessons for science

WORLD VIEW

- 127 Regulate gene editing in wild animals**
Jeanine Lunshof
Modification of wild species cannot be allowed to damage ecosystems

RESEARCH HIGHLIGHTS

- 128 SELECTIONS FROM THE SCIENTIFIC LITERATURE**
Cancer link to gut biofilms / The early bird / Shuttle chemistry / Oven baffles telescope again / Ants dig the dirt / Antimalarial target

SEVEN DAYS

- 130 THE NEWS IN BRIEF**
Liberia free of Ebola / UAE plans Mars mission / Monsanto makes bid for Syngenta / SpaceX escape pod passes test

NEWS IN FOCUS

- 133 EARTH SCIENCE**
Researchers rush to map landslide risk in Nepal
- 134 POLITICS**
UK election results have implications for science
- 135 PHYSICS**
Cloud of antimatter found in thunderstorm

- 136 GENOMICS**
Analysis of human microbiome raises privacy concerns

- 137 PUBLIC HEALTH**
Ebola failures prompt WHO to rethink emergency response

CAREERS

- 247 ADJUNCT TEACHING**
For love of the lecture
Expect frustrations and little pay when taking up contract teaching

NATUREJOBS ADVERTISING FEATURE
Spotlight on Wuhan
