MISSION STATEMENT AND SCOPE: *IEEE Control Systems Magazine* is the official means of communication for the IEEE Control Systems Society. *IEEE Control Systems Magazine* publishes interesting, useful, and informative material on all aspects of control system technology for the benefit of control educators, practitioners, and researchers. With this mission statement in mind, *IEEE Control Systems Magazine* encourages submissions, both feature articles and columns, on all aspects of control system technology.

SUBMISSION OF MANUSCRIPTS: A feature article provides an in-depth treatment of either an application of control technology or an innovation in control education. Maximum length is 30 pages, double spaced, not including figures. Authors wishing to submit longer papers may contact the editor-in-chief.

IEEE Control Systems Magazine publishes a variety of columns. "Lecture Notes" can be theoretical in nature as long as they have clear tutorial value and intent. "Applications of Control" columns are industrially oriented summaries of innovations in control technology. Authors are encouraged to contact the editor-in-chief about the suitability of potential columns.

A detailed Author's Guide can be found at <http://www.ieeeccs.org/PAB/csm/>. The specifications in this Guide must be followed by all submissions.

All manuscripts must be submitted electronically in PDF format to the Editor-in-Chief Dennis S. Bernstein at dsbaero@umich.edu. LATEX is preferred for manuscripts with multiple equations. A LATEX template can be found at <http://www.ieeeccs.org/PAB/csm/>.

SPECIAL SECTIONS: *IEEE Control Systems Magazine* encourages proposals for special sections. Proposers are encouraged to contact the editor-in-chief to discuss potential topics.

BOOKS AND CONFERENCES: Submit information about recently published books to the associate editor for book reviews. Submit information about past and future conferences to the corresponding editor for conferences.

ADVERTISING: *IEEE Control Systems Magazine* accepts advertising for educational products, books, software, conferences, employment, and control-related technology. For information about advertising, contact Susan Schneiderman, Business Development Manager, IEEE Magazines, 445 Hoes Lane, Piscataway, NJ 08854 USA; +1 732 562 3946; fax: +1 732 981 1855; ss.ieeemedia@ieee.org.
