"A Retailer Breaks All the Rules" (Business, April 22) reported that all Don Quijote stores are open 24 hours and have aquariums; some don't operate round the clock or have tanks. Also, a cream mentioned is not made with fish roe but mayonnaise processed to resemble it. ● "Snapchat Loses Its Cool in Brazil" (Technology, April 29) gave incorrect figures for Snapchat's and Instagram's user bases in Brazil. Snapchat's grew 25 percent, to 9.3 million (not 43 percent to 10 million); Instagram's increased 44 percent, to 64.4 million (not more than doubling, to 70 million).
